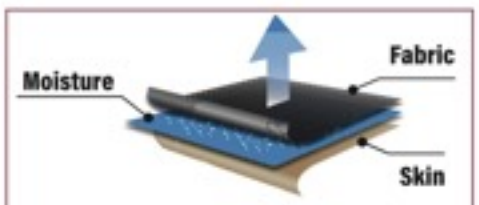
Rothco's Moisture Control fabric has two core functions: rapidly transferring moisture from the top layer of the fabric and quickly drying so your sweat does not soak through the fabric. Rothco's moisture-wicking fabric has been designed to keep you cool and dry under the most stressful situations. The days of sweat stains and soaked shirts are over.



Rothco's Moisture Control System

Rothco's Moisture Control fabric has two core functions: rapidly transferring moisture from the top layer of the fabric and quickly drying so your sweat does not soak through the fabric. Rothco's moisture-wicking fabric has been designed to keep you cool and dry under the most stressful situations. The days of sweat stains and soaked shirts are over.

RETAILER OBLIGATIONS REGARDING CALIFORNIA PROPOSITION 65

Certain of the products for sale in this catalog are subject to labeling requirements under California's Safe Drinking Water and Toxic Enforcement Act of 1986, more commonly known as "Proposition 65" or "Prop 65." Rothco has invested significant resources and effort into ensuring compliance with Prop 65, and expects that any purchasers of Rothco products who intend to sell, directly or indirectly, into California will comply with all obligations of Prop 65. This page discusses the resources Rothco provides to its retailers to facilitate those efforts.

What is Prop 65? Prop 65 is a consumer "right to know" law that applies to businesses that sell products to California residents. Prop 65 requires businesses to provide "clear and reasonable" warning to California residents about products that contain one of the chemicals on the expansive Prop 65 List[1]. California recently revised the Prop 65 regulations to require more specific warning requirements, including that warning labels identify the specific chemicals at issue. More information about Prop 65 is available here:

- **New Proposition 65 Warnings:** https://www.p65warnings.ca.gov/new-proposition-65-warnings)
- **Clear and Reasonable Warnings/Q&A for Businesses:** https://www.p65warnings.ca.gov/sites/default/files/art_6_business_qa.pdf
- **Proposition 65 in Plain Language:** https://oehha.ca.gov/media/downloads/proposition-65/general-info/p65plain_1.pdf)

This is not a comprehensive list of resources. Please consult an attorney if you have questions concerning the requirements and obligations of Proposition 65. We emphasize that a warning does not mean that a product will cause any harm. In fact, we believe that our products do not cause significant exposure or any harm when used as designed. But in abundance of caution, and given the pervasiveness of private plaintiff Prop 65 actions in California, we have elected to place Prop 65 warnings on the applicable items.

What steps has Rothco taken to protect its distributors and retailers against Prop 65 actions? Rothco has engaged in an extensive testing program to identify products that may contain Prop 65 chemicals. Prior to shipping these products to a known California retailer or distributor, Rothco physically labels each product with a statutorily-compliant warning. A complete list of all Rothco items that contain a chemical ("applicable item") can be found in the "Dealer Tools" section of Rothco.com. Rothco has identified the products subject to warning in this catalog with the following legend:

⚠ CA Prop 65 Warning-See page 335

What obligations do retailers have to warn?

(1) You should not remove the warnings applied by Rothco to any products that may be sold in California. If you are not located in California but intend to ship your product into California, you must label the products prior to shipping. Rothco will provide additional warning labels on request (see page 326 for label information).
(2) If you are selling items subject to Proposition 65 on a website or by catalog, you must include the Prop 65 warning on the product page so that the consumer has the chance to view it prior to purchasing the product. More information regarding online sales warnings are available at this California governmental website: https://www.p65warnings.ca.gov/sites/default/files/art_6_business_qa_internet_warnings.pdf.
(3) If you currently have older inventory for the subject items that are not labeled but are intended for sale in California, please contact us and we will send you appropriate warning labels for your merchandise.

Rothco trusts that its retailers and distributors will make every effort to ensure compliance with the law. By purchasing products from Rothco, purchasers agree to comply with the above obligations, and agree to defend, hold harmless and indemnify Rothco against any and all liability, including attorney's fees and costs, arising out of any failure to do so.

In order to help educate and protect our valuable Rothco partners, we offer the following information on how to have compliant transactions in California and into California via the internet, mail order, etc. by visiting https://www.rothco.com/cms/prop65

Should you have any questions about our California Proposition 65 Compliance, please email CACompliance@Rothco.com
Please see page 334 for California Prop 65 warning labels.
